Note

In his letter No 5402 dated the 15th May, 1904, the Senior Surgeon proposed the acquisition of certain lands and buildings situated at the back of the Victoria Hospital at Bangalore for the purpose of providing free quarters &c. to the Medical Staff of that Hospital. The proposal was referred to the Dy Comm^r of the Bangalore Distt, and he was requested to ~~report~~ estimate the value of the properties intended to be acquired. Accordingly the Dy Comm^r reported that the acquisition of the lands &c would cost Govt a sum of Rs 1,50,000/- and that his estimate might likely be exceeded at the time of actual acquisition. Thereupon, Govt declined to sanction such a costly proposal.

With his present letter, the Senior Surgeon forwards an appln from the Steward

of the Victoria Hospital, praying that he may be granted house rent, till free Quarters are provided to him within the premises of the Hospital as per promise made to him at the time of his appt, and seeks no orders on that application. The Senior Surgeon makes no recommendation regarding the application for house rent, but he proposes the acquisition by Govt of a strip of land running from the Hospital upto the Roman Catholic Church on the Mysore Road, and both Considers it to be adequate for providing accommodation for an Eye Infirmary and for extending the Hospital buildings. The strip is said to Contain only two houses of any worth on it. and the cost will be not Could be Cost Govt not- that of 1/3 rd of the plot the Senior Surgeon had originally proposed should be acquired

Senior Surgeon's letter No G/126 dated the 21st October, 1902, about the payt of house rent to the Steward of the Victoria Hospital at Bangalore

Note.

After long Correspondence, a house rent of Rs: 12/- per mensem was sanctioned to the Steward of the Victoria Hospital as a temporary measure for 6 months, in Govt Procg No 15126-7 Mis 2154 dated the 13th March, 1902. (Paper S. No 12, flag A) Thereafter the Steward claimed arrears of house rent from the date of his entertainment Viz 13th December, 1900, and Govt declined to sanction it on the ground that he is one of those subordinates that should be satisfied with such accommodation as was placed at his disposal for residence. It was further ordered that house rent should be

‡ 1. No. and date of latest letter or paper
2. Catch words to show nature of subject.
3. Subject to be in red and body of note in black

1. Statement of case in narrative form in regular sequence of subject matter or date.
2. Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
3. Serial numbers in file, &c., to be always stated.
4. Dates of important documents referred should be given.
5. Write on both sides, leaving the same side as margin.

be paid only from the date of the order, provided the Steward had rented a separate house in Bangalore outside the Hospital for his residence. (Paper S. No 14, flag B.)

In the letter cited at the preamble of this note, the Senior Surgeon states that the period of 6 months for which house rent was sanctd to the Steward expired on the 12th September, 1902, and recommends its Continuance till the quarters are ready

Subd with draft.

17/11/1902

Note Contd

In this Office docket No 8892 / G.725-97 dated the 25th November, 1902, the Senior Surgeon was requested to report

1. Whether the Steward is not living in one of the wards of the Victoria Hospl,
2. Whether he has rented a separate house in the City outside the Hospital for his residence, and
3. When the quarters for the Steward are likely to be ready for occupation.

In reply, the Senior Surgeon states

1. that the Steward is at present living

living in one of the wards of the Victoria Hospital,

2. That he has not rented a house in the Bangalore City but that he has rented one at Madras, where his family ~~and effects~~ is put up, as the ward in which he is living in the Hospital, is not fit to be used as family quarters, and

(3) that the Steward's quarters are expected to be ready by the end of June, 1903.

The Senior Surgeon strongly recommends that the house rent of Rs 12/- per mensem sanctioned (in paper S. No 12, flag A) to the Steward for 6 months may be Continued to be paid to him till Quarters are ready for his use, and that he may be paid arrears of house rent from date of his entertainment since the Steward accepted the appointment on the promise made by the Senior Surgeon to give him free Quarters. Govt have already declined to grant the arrears of house-rent claimed by the Steward. (Papers S. No 14 with flag B.)

No. 268
Dated 10th July 1901.

Sir,

In forwarding the accompanying application dated 28th June, from the Steward of the Victoria Hospital for an allowance in the shape of house rent in consideration of the fact that he was promised quarters at the hospital, and has, since his engagement, been supplied only with room in one of the pavilions, I have the Honor to say that, at the time of Mr. Narasimulu's engagement, Col. Benson believed the quarters for him would be ready at an early date.

2. However, for one cause or another the building of the quarters has been postponed. The first difficulty was the selection of a site, as the Hospital compound was already overcrowded. Finally, however a corner of the compound at the back of the western row of pavilion was selected by Col. Benson. Since then the question of overcrowding the compound by such a building has again become prominent and the building has again been delayed pending the decision of Government regarding the purchase of the ground at the back of the hospital, represented to Government in my No. 5524 dated 22-5-01.

3. I may here say that since writing that letter (No. 5524 dated 22-5-01) and on realizing the present financial pressure in Government Department generally, I have again gone over the ground I proposed should be purchased, and am of opinion that the open strip running from the hospital to the Roman Catholic church would afford ample space both for an Eye hospital and for extension of the Victoria Hospital buildings. This strip has

only

only 2 houses of any width on it and should cost not 1/3 of the plot I originally proposed.

Sir,

I beg to bring to your kind notice that the quarters promised to me in my appointment order is not as yet constructed and the portion of a Pavilion I am given to occupy is, as is known to you, not suited to be used as any sort of family quarters. Consequently I could not accommodate my family to live with me in the Premises where, according to the rules of the Hospital I am to be always on duty. This, I need not say, necessitates me to maintain two Establishments and Extra expenses.

I therefore request that you will be so good as to recommend that some house-rent or Compensation in lieu of Quarters may be kindly granted to me till such time as the Quarters are made ready.

No 2451

Dated 22nd October 1901

Sir,

With reference to your docket No. 6204/Mis. 1038 dated 15th Instant, I have the honor to state that I consider the house quite unsuitable as a residence for the Steward- It is moreover in the site selected for the erection of the servants quarters, and the sooner it is demolished the better.

With reference to the above, has the honor to state that it is not understood why a house which ~~that what~~ is rated an Overseer should be considered not good enough for a Steward.

Dated 27th November 1901.

Sir,

I have the honor to state — in reply to your No. 7750/Miss. 1225 dated 19th Instant, that the Overseer is in occupation of the house under consideration as a temporary measure only- an entirely different condition from that of the Steward who would require it permanently.

2. But as I said in my No.2451 of 22nd October 1901 it is impossible that the house should remain in existence at all without upsetting the plan on which the hospital out-buildings are to be arranged- and even if it were in the proper place it is a tumbledown katcha building and would be a standing eyesore in the precincts of the hospital if allowed to remain.—

Enclosure No. 1.

Sir,

With reference to your Memo No: 132 D/ 7.2.02 herewith returned I have the honor to say that it would be quite possible to adapt one of the buildings, lately acquired, for the purpose of a Steward's residence pending the building of a permanent residence.

In saying so much however, I trust that my original proposals shall not be lost sight of. It was not alone for the accommodation of the Steward that I requested Government to acquire the property at the back of this Hospital. It was for the accommodation of the rest of the staff of the Hospital as well, and the plans for

these

these buildings are completed and are in the Chief Engineer's Office. To carry out this design every house on the site will have to be removed, including that which it is now proposed to fit up as a temporary measure for the Steward. If therefore, it is the intention of Government to carry out my original proposals at an early date it is hardly worth while fitting up one of the present buildings for the Steward. The most economical procedure in the long run would be to sell off these old buildings at once and start forthwith to build a house for the Steward on the site set forth in the site-plan I have already referred to.

Sir,

With reference to your No. 898 dated 1-12-02 (herewith returned with all its enclosures) I have the honor to state that the Steward of this Hospital who was promised free quarters in his first appointment order, is at present occupying one of the wards which is not fit to be used as family quarters his family, in consequence, is at present being maintained at Madras. The house rent applied for by the Steward and sanctioned by the Government in their Progs: No.15126-7/Mis. 2154 dated 13-3-02 was intended to meet the cost of keeping his family in Madras in a house. The certificate, for having rented a house in the city, called for by the Comptroller in his No.2816/494-5 dated 25-11-02 addressed to the Senior Surgeon, cannot therefore be submitted by him. The building intended for the Steward's quarters, whose construction is not yet begun, is not likely to be completed before the end of the year 1903.
